Gutter Lip Width	2.125" (53.97mm)	2.125" (53.97mm)
Cord Length	68" (1727 mm)	78" (1981 mm)
Weight	26 pounds (11.8 kg)	33 pounds (15.0 kg)

Touchpad Surface: Scratch resistant textured vinyl offers swimmers a slip free, comfortable surface.

Touchpad Edge: Sealed with 1" molded polyurethane border that forms a bumper to protect the pads, your pool and the people who handle them.

Brackets: Custom designed to your pool gutter, held in place with ergonomic knobs that are easy to adjust and won't hurt swimmers' feet as they climb out.

Cord Restraint: Supports cord were it attaches to the pad to virtually eliminate broken wires and shorts.

Touchpad Warranty: 2 years

The **IST Touchpad** is a completely sealed pad. The seal is completed by a molded polyurethane edge that extends .25 inch beyond the metal plates inside the pad. This creates a bumper that protects the pad, your pool and the people who handle them.

Since the **IST Touchpad** doesn't require air pressure, there's no "floating". Keeping water out of the pad means there's no buildup of salts and other chemicals to shorten the life of the pad.

The surface of the **IST Touchpad** is a textured vinyl that resists scratching while being slip resistant and comfortable for the swimmers. The back of the pad has also been made slip resistant, so swimmers can feel secure in their turns.

The brackets can be customized for your pool, and they're held in place with ergonomic, rubber-coated knobs that are easy to tighten and won't hurt your swimmers' feet as they climb out.

If your pool gutter extends out beyond the rest of the pool wall, IST offers touchpad spacers that can be permanently attached to the back of the pads to keep the pads perfectly vertical and provide a firm and flat surface for your swimmers' starts, turns and finishes.

**IST Touchpads** have a 2 year limited warranty.

# IST Touchpad Cart

- Lightweight Aluminum
- Easy Assembly
- Non Marking Wheels
- Fits through standard doors
- Holds 10 Pads up to 78"
- 2-Year Limited Warranty

## An Easy Rolling Cart That Holds Up to 10 Pads

### Specifications

Length	82 inches
Width	24.5 inches
Height	49.75 inches
Weight	80 lbs (ship weight)
Wheel Diameter	5 inches

The **IST Touchpad Cart** provides safe storage for your IST Touchpads. Made of lightweight but sturdy aluminum tubing, it holds up to ten 60 or 78 inch pads.

Five inch, non-marking caster wheels make it easy for one person to move, even when it's fully loaded. The wheels lock so you can safely load and unload the cart on sloping pool decks. The **IST Touchpad Cart** is designed to fit easily through standard doorways.

We ship the **IST Touchpad Cart** flat to save you shipping costs, but it's easy to assemble with a 1/2" deep socket wrench.
